

SCSC IN ACTION: DECEMBER 2025

Novotel Hyderabad Convention Centre

Dec 11, 2025

530-540

SCSC Conclave 2025 - Themed "Legacy of Trust – Vision for Tomorrow," brought together leaders across government, law enforcement, industry, and civil society to strengthen the Public–Private Partnership model.

Through impactful dialogues and expert discussions, the conclave reaffirmed a shared commitment to building a safer and more resilient Cyberabad.

The conclave featured **Sri. D. Sridhar Babu - Hon'ble IT Minister of Telangana**, as the **Chief Guest**, and distinguished leaders including **Ms. Laura Williams - U.S. Consul General**; **Ms. Amala Akkineni - Philanthropist**; **Ms. Shikha Goel - IPS**; **Mr. A. V. Ranganath - IPS**; and **Ms. Charu Sinha - IPS** as **Special Guests**.

Key addresses highlighted advanced collaborative, tech-enabled, and community-led approaches across SCSC forums to strengthen urban safety and resilience.

Launch of Stay Safe Portal

SafeStay is a digital portal designed to enhance the Safety of women in Hostels and PG accommodations within the Cyberabad Commissionerate. The platform lists hostels that have been audited and verified based on the **10 Safety Commandments of the Cyberabad Police**, highlighting key safety features for residents and stakeholders. Currently, **1005 hostels** are verified on the portal, with a vision to scale up to **4000 hostels** by June 2026.

We express our gratitude to **Shri D. Sridhar Babu - Hon'ble Minister for IT & Industries**, for launching the SafeStay Portal and for sharing a forward-looking vision for **predictive, intelligence-led cyber safety under Telangana Rising Vision–2047**, reinforcing SCSC's commitment to community and residential safety.

CYBER SECURITY FORUM

Panel Discussion - Beyond the Illusion: Tackling Deepfakes, Trolling & Victim Support

➤ The discussion addressed the growing risks posed by AI-driven cyber threats. The session brought together experts from law, the film industry, and data science to share diverse perspectives. Panelists discussed the impact of deepfakes, trolling, piracy, and misinformation, highlighting legal remedies, responsibilities under the DPDP Act, and the urgent need for awareness, coordinated action, and strong victim support systems.

WOMEN SAFETY FORUM

SHEmpower

➤ The SHEmpower session highlighted real women's everyday safety challenges in Hyderabad. Through the story of Ananya, the session traced a woman's daily journey—from her place of stay to commute, workplace, and back—showcasing key safety initiatives and measures led by SCSC & Cyberabad police. The session reinforced a shared commitment to women's safety, empowerment, and a more resilient Hyderabad.

With continued partnership between government, industry, police, and communities, SCSC's focus remains on translating vision into sustained, measurable impact for a safer, future-ready Cyberabad.

SCSC IN ACTION: DECEMBER 2025

CHILDREN & YOUTH SAFETY FORUM

Building a Safer Tomorrow for our Children & Youth

► The Children & Youth Safety Forum emphasized the importance of safeguarding children and youth both online and offline. Anchored by Project Suraksha Kavach, the forum showcased a student-led safety framework covering physical, cyber, psychological, and road safety, with expanded focus at the college level. Reaching 40+ schools in just 7 months, the session came alive through impactful storytelling and a powerful Nukkad Natak by The Sriram universal school children, reinforcing a shared commitment. Concluded with a collective oath by the audience: Show Up. Stand Strong. Never Silent.

HEALTHCARE FORUM

Panel Discussion - Problems, Solutions and the Way Forward

► The Healthcare Panel addressed key challenges including non-communicable diseases, mental health, emergency preparedness, and eye health, highlighting the need for prevention and early intervention. The discussion emphasized preventive screenings, BLS training, rapid emergency response, and stronger hospital-police coordination.

With continued partnership between government, industry, police, and communities, SCSC's focus remains on translating vision into sustained, measurable impact for a safer, future-ready Cyberabad.

ROAD SAFETY & TRAFFIC FORUM

Panel Discussion - Decongesting Cities: Smart Mobility Solutions Beyond Road Widening

► The discussion brought together senior leaders from traffic policing, transport administration, urban planning, industry, and media to deliberate on sustainable mobility solutions for Hyderabad. The session focused on reducing congestion through improved public transport, promotion of car-pooling, strengthened last-mile connectivity, and the use of technology for smarter traffic enforcement, while emphasizing commuter discipline, road safety, and strong industry-police collaboration, reinforcing SCSC's role in enabling cross-sector partnerships for a safe and future-ready urban mobility ecosystem.

Other Key Engagements

2 Sessions

300+ Beneficiaries

- Basic Life Support (BLS) & First Aid Training conducted at ServiceNow
- Road Safety Awareness Program for company drivers held at MovenSync (DBS Skyview)

SAFETY & SECURITY FORUM

Panel Discussion – Strengthening Public Safety through Technology and Collaboration

► The Physical Safety Panel examined how technology and collaboration are strengthening public safety across Cyberabad. The discussion highlighted smarter surveillance, faster incident response, integrated command-and-control systems, and strong police-industry coordination—reinforcing SCSC's role in building safer workplaces, communities, and a more resilient Cyberabad.
